MIZUHO[®]

Sugita®

New Slim Line Aneurysm Clip Applier

The low profile Sugita Slim Line Applier allows the surgeon optimal visibility in the operative site which allows for precise optimal placement of the Sugita Aneurysm Clip. Offered in both 0° and 15° up jaw, the new Sugita Slim Line Appliers have precisely milled grooves in the jaws which are designed to be used with standard and large Sugita Elgiloy aneurysm clips.
